presents

**TREE PLANTING 101**  
*planning and implementing a  
successful reforestation project*

Seattle

**Saturday, January 21, 2006  
8:30 am – 12:00 pm**

Vashon

**Sunday, January 22, 2006  
10 am – 2 pm**

Presented in cooperation with:

**The Nature Consortium**

**King County**

Department of Natural Resources and Parks

Reforestation is an important part of forest stewardship, and planting trees is an enjoyable and rewarding activity for all ages. But to ensure that your trees thrive, careful site planning, proper planting technique, and good protection and follow-up are needed. **This workshop will give you the information you need to make your spring planting project a success!**

### Who Should Attend?

- Forest and woodland owners considering a reforestation project
- Restoration stewards and/or volunteers
- Anyone who would like to learn about planting trees!

Scott Roberts, Mississippi State University, [www.forestryimages.org](http://www.forestryimages.org)

Dave Powell, USDA Forest Service, [www.forestryimages.org](http://www.forestryimages.org)

### What Will the Workshop Cover?

- Choosing the correct species for your site and objectives
- Calculating how many trees to plant for your site
- Characteristics and suitability of different seedling types
- Where and when to order seedlings
- Site preparation methods
- Correct planting tools and techniques (with hands-on practice)
- Protection from animal damage
- Monitoring and follow-up care

Following instruction and demonstration, workshop participants will practice their new skills by planting seedlings on-site.

These workshops are free, but pre-registration is requested. To sign up, detach and send the registration form today! Or, send e-mail to [amy.grotta@metrokc.gov](mailto:amy.grotta@metrokc.gov) to register or with any questions.

**These events will take place rain or shine. Please dress appropriately!**

Also, consider bringing a sack lunch or snack.

### **Directions to the workshops:**

Seattle, Jan. 21<sup>st</sup>: At the West Duwamish Greenbelt. We will meet at the corner of 14<sup>th</sup> Ave. SW and SW Holly St. (a few blocks south of South Seattle Community College). Driving directions from I-5 or SR-99: take West Seattle Bridge exit, from the bridge take the Delridge Way SW/South Seattle Comm. College exit (right hand exit), drive south on Delridge Way SW to the 3rd light, at this light turn left on SW Oregon St. (just past the pedestrian overpass), follow this hilly arterial road as it winds around and continue following until it makes a hairpin turn to right and turns into 16th Ave. SW. After a few blocks the college will appear on the left, go past the college a few blocks until you're in the 7000 S. block, take a left on SW Myrtle St., a left on 14th Ave. SW and follow to the end where it meets SW Holly. This is the entrance to the Greenbelt.

Vashon, Jan. 22<sup>nd</sup>: Registered participants will receive directions prior to the event.
